OBJECTIVE

Motivated Computer Engineering graduate with hands-on experience in C, C++, HTML, CSS, and JavaScript. Strong foundation in data preprocessing, problem-solving, and basics of Networking (reset password, troubleshoot, etc). Seeking an opportunity to apply technical skills, contribute to impactful projects, and grow within a professional engineering environment.

PROJECTS

Smart Attendance System- The Smart Attendance System is a software that uses facial recognition to track and record the attendance of students, employees, and staff. It automatically stores names, dates, and times, aiming to reduce manual effort and streamline attendance management for improved efficiency.

GitHub Projects – Contributed to open-source repositories, focusing on frontend improvements and bug fixes.

EXPERIENCE

AI Operations Intern — Cloudstrats (8 Months)

Cleaned and processed raw datasets by removing noise and inconsistencies.

Prepared structured and high-quality datasets to improve machine learning model accuracy.

Assisted in optimizing data preprocessing workflows for AI/ML-based projects.

CERTIFICATION

- MAHARASHTRA STATE CERTIFICATE IN INFORMATION TECHNOLOGY (MS-CIT). 27-09-2019
- VIRTUALIZATION AND AWS- AZURE- GOOGLE CLOUD. 01-11-2021
- ASPIRE FOR HER (SHE KNOWS AI). 21-09-2024
- CYBER SECURITY AWARENESS (HP LIFE). 30-09-2024

EDUCATION

SWAMI VIVEKANAND VIDYA MANDIR SECONDARY ENGLISH MEDIUM.

S.S.C 60.00%

SAI SHIVA EDUCATIONAL TRUST'S MUCHHALA POLYTECHNIC.

Diploma in Computer Engineering.
74.00%

G.V ACHARYA INSTITUTE OF ENGINEERING AND TECHNOLOGY.

Degree in Computer Engineering
(B.E). 8.53 CGPA

SOFT SKILLS

- Communication
- Team Work
- Problem Solving
- Time Management

TECHNICAL SKILLS

- Frontend (HTML5, CSS3, JavaScript)
- Tools: VSCODE, GitHub
- Basics of Networking
